**THOUSANDS APPLY FOR CLERICAL JOBS IN WASHINGTON.**

That American men and women are eager to accept every opportunity to help in the nation's greatest undertaking is evidenced by the responses received to the announcement of the United States Civil Service Commission of the need for general clerks. The Commission sent out a call for clerks to be employed in the departments in Washington, and January 5, February 9 and March 9 were set as examination dates. About 35,000 persons applied for admission to these examinations. A large percentage of the applications came from persons whose sole purpose in seeking Government employment was to help keep the war machine moving. This prompt and heavy response has made it unnecessary to hold further examinations for general clerks in the near future. Examinations for stenographers and typewriters and for clerks trained in certain special or technical lines are still being held.

The most pressing need of the Government service in Washington right now is for larger number of well qualified stenographers. The Civil Service Commission urges persons who are equipped to pass the

stenography part of the examination to apply at once. Examinations are held at least once a week in 450 principal cities. Definite information and application blanks may be obtained from representatives of the Civil Service Commission at postoffices.

**TRY THIS FOR SOUR STOMACH.**

Eat slowly, masticate your food thoroughly. Eat but little meat and none at all for supper. If you are still troubled with sour stomach take one of Chamberlain's Tablets before going to bed.

(adv. March)

One hundred hens to the farm and one hundred eggs per hen is the new slogan for the farmers. This will be all right if the hens learn the slogan.

Both sides are ready for the big drive says a newspaper headline. Well, if it must be, it must.

**FOR A BAD COLD.**

Take Chamberlain's Cough Remedy. It has stood the test of time and can be depended upon.

**The Right Number**

When you go out to make a call in person you always assure yourself of the right address.

In making a telephone call it saves a lot of time and bother to be sure of the number.

The absolutely sure way is to first consult the telephone directory—not trusting to memory—and then listen carefully when the operator repeats back to you the number, correcting her if she is wrong.

**DOINGS OF THE LEGISLATURE**

Before passing the bill of Senator Hon to appropriate \$10,000 to the Bureau of Agriculture for Extension work, the Senate went into a Committee of the Whole to hear Commissioner of Agriculture Cohen on the bill and also the measure appropriating \$28,000 to eradicate communicable diseases among livestock.

Representative Billy Klair, of Lexington, has succeeded in his first step to secure relief to the consumers of natural gas in Kentucky, from the suffering they have endured the past winter. The Committee on Municipalities in the House has decided to recommend favorably the Klair-Combs bill which places certain restrictions and regulations on natural gas companies.

The bill of Senator Thompson providing for the oiling of streets in fifth-class cities, amended to apply to fourth and sixth-classes was passed 29 to 3. An amendment providing that the taxpayers pay two-thirds and the city one-third of the expense of oiling the streets was rejected.

Senator Richardson's bill to provide that staff officers of the Kentucky National Guard shall have had previous military experience, passed 28 to 0 without amendment or debate.

Five bills were passed by the Senate, included in the number being the Taylor-Bona act to abolish the office of Assessor and create the County Tax Commission. Consideration of this measure took up a good part of the day, numerous amendments having been offered, some to perfect the bill and others to change certain provisions of it. After consideration at both the morning and afternoon session the bill was passed 30 to 1. Senator Thompson casting the dissenting vote.

The County Tax Commission is to be elected in the same manner as now prescribed by law for the election of Assessor. Before any person's name can be placed on the ballot at a primary or regular election as a candidate for County Commissioner, he must hold a certificate from the State Tax Commission showing that he has been examined by them and qualified for the office.

**GIRLS! GIRLS! TRY IT!**  
**STOP DANDRUFF AND**  
**BEAUTIFY YOUR HAIR**

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have double the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies, invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knowlton's Danderine from any druggist or toilet counter for a few cents.

**THREE WAYS TO PLANT CORN.**  
(Frankfort State Journal.)

There are three ways of planting corn. One way is to plant the required number of grains and replant if a full "stand" does not appear. The other way is to plant more than enough and thin where there are too many stalks in a hill. The third way is to make a rigid test of seed corn and plant as many grains of corn as the stalks you desire to grow.

Replanting missing "hills," produces late corn which is shaded by the larger stalks and does little good. It is better to replant the entire crop than to do any extensive replanting of single hills. Either method requires labor and time. Neither is likely to get first class results. Where there is plenty of labor and only a small crop of corn thinning does very well, but testing is the wiser course.

Between now and corn planting time the farmers have ample time to test their corn by any of several simple methods. A number of grains, from selected ears, those from one ear kept separate from those from another ear, put in a sack and buried in stable manure where the warmth will cause the live grains to sprout is better than no test. It is an old fashioned farm plan of the pre-scientific, but not always ineffectual period of agriculture. Gov. Stanley's proclamation as to testing seed corn is a tocsin sounded against Germany, and a move in behalf of your own pocket book, Mr. Farmer.

Test seed corn, without fail, and grow a crop without failure!

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the Mucous Surfaces of the System. One Hundred Dollars Reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for testimonials.

**Proof that Some Women do Avoid Operations**

**Mrs. Etta Dorion, of Ogdensburg, Wis., says:**  
"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

**How Mrs. Boyd Avoided an Operation.**  
Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.  
"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

**DRAFT OF 1,000,000 MEN TO FILL OUR ARMY.**

While a large number of men will be called out during the present year to fill up the army and complete its organization, it was learned that War Department plans do not call for the creation of any additional divisions in 1918. The announcement concerning the second draft expected soon from Provost Marshal General Crowder may outline the manner in which less than 1,000,000 men—probably not much in excess of 800,000—are to be summoned gradually during the year to complete the existing organizations.

Delay in the announcement as to the next draft is understood to be due to uncertainty as to which method of allotting quotas to the States is to be followed. The Senate already has passed and the House military committee has favorably reported an amendment to the law to base the quota on the number of men in Class 1, instead of upon the total registration of a State. This change is regarded as certain to be made, but to avoid further delay schedules of allotment under both systems have been prepared at the Provost Marshal General's office ready to go out as soon as final action is taken.

**BAD TASTE IN YOUR MOUTH.**

When you have had a bad taste in your mouth you may know that your digestion is faulty. A dose of Chamberlain's Tablets will usually correct the disorder. They also cause a gentle movement of the bowels. You will find this to be one of the best medicines you have ever become acquainted with.
